## Version history

Date	Version	Description
20.3.2019	1.3	The answer file has an update that relates to "Type of period".
28.9.2021		References to Katso have been removed.
15.1.2018	1.2	New guidance format is now in use.

## 1 INTRODUCTION

This guidance explains the structure of the required inbound file and the check procedures that follow. For more information, see [General description for electronic filing of information returns \(pdf\)](#) (*tax.fi > About us > IT developers > Data format specifications > General description for electronic filing of information returns*).

## 2 DESCRIPTION OF THE INFORMATION FLOW AND SUBMITTAL OF FILES

Checking whether a third party is prepayment-registered:

- Requests about just one third party should be made online via the <https://www.ytj.fi/en/index.html> website. This is the public service of the Business Information System (YTJ in Finnish).
- On the telephone via the Tax Administration, at 020 697 030 (standard call rates).
- Mass enquiries and requests via the [www.ilmoitin.fi](http://www.ilmoitin.fi) website: you must prepare a "request file" according to the guidance and

instructions below. We create an answer file to respond to your enquiry contained in your request file. Our answer tells you who is on the register and who is not, and send it back to you via [www.ilmoitin.fi](http://www.ilmoitin.fi).

To check the method of identification required by this information flow, the role required and where in the flow the authorisation is checked, go to Ilmoitin.fi [Methods of sign-in, Roles, rights to represent organizations](#) (*ilmoitin.fi* > *Instructions and templates* > *Methods of sign-in, Roles, rights to represent organizations* > *Return for self-assessed taxes*).

The length of the filing is fixed at 30 characters.

### 3 PERIOD OF VALIDITY

This specification sets out the requirements of file formatting that come into force 1 April 2019 and continue to be in force until a new version of this specification is released.

### 4 COMBINED INFORMATION FLOWS

Filers can combine the VSENPERE information flow with this one and send both VSALVTAR and VSENPERE together in the same file.

### 5 LIST OF CHANGES ON THE PREVIOUS VERSION

Version	Data Element	Data name	Description
1.3	21-22	Type of period	Added the following value: 89 The enquired party is a VAT payer for Payment of fees to performing artists
1.2			Data elements have no changes
