1 INTRODUCTION

This guidance explains the structure of the required inbound file and the check procedures that follow. For more information, see [General description for electronic filing of information returns \(pdf\)](#) (*tax.fi > About us > IT developers > Data format specifications > General description for electronic filing of information returns*).

2 DESCRIPTION OF THE INFORMATION FLOW AND SUBMITTAL OF FILES

The information-reporting requirement concerns the institutions that pay out interest on commercial and savings bank deposits, on bonds and debentures, on deposits in employees' banks (personnel service offices) and on the balances remaining on payment accounts in payment institutions.

If you have paid interest to nonresident beneficiaries you must use another information return format (either VSRKOERI or the paper Form 7809).

To read more about annual information returns, go to [Forms](#) (*tax.fi > About us > Contact us > Forms > Annual information*).

The terms and conditions of convertible loans or of clearance accounts do not have to be delivered to the Tax Administration when you have submitted your return electronically.

To check the method of identification required by this information flow, the required role and the place in the flow where authorisations are checked, go to [Methods of sign-in, roles and rights to represent organisations](#) (*Ilmoitin.fi > Instructions and templates > Methods of sign-in, roles*).

3 MAKING CORRECTIONS

For year-specific instructions for making corrections, go to [Making corrections to annual information returns](#) (*tax.fi > About us > IT developers > Data format specifications > Annual information returns & Instructions > Making corrections to annual information returns*).

4 PERIOD OF VALIDITY

This specification sets out the requirements of file formatting that come into force 29 March 2022 and continue to be in force until a new version of this specification is released.

For information about deadlines for filing, see the year-specific schedule on [IT developers](#) (*vero.fi > Verohallinto > Ohjelmistokehittäjät > Aikataulu vvvv*). The schedule is available in Finnish and Swedish.

5 COMBINED INFORMATION FLOWS

You may not send us other flows in the same computer file as the VSKTVYSL flow.
