| 1.0     | 12/06/2017 | Document published.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| 1.01    | 31/08/2017 | Added value 5 = "Representative" to the Payer type (PayerType) codeset.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|         |            | Switched the values of the Gender codeset: the new values are 1=Male, 2=Female.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|         |            | Changed the terms in the PensionActCode codeset as follows:  Codeset name Pension Insurance Act -> Earnings-related pension insurance information  Code description Mandatory pension insurance -> Employee's earnings-related pension insurance  Code description YEL insurance -> Pension insurance for the self-employed (YEL)  Code description Farmers' pension insurance MYEL -> Pension insurance for farmers (MYEL)                                                                                                                                                                                                                                                                                                                                                             |
|         |            | Changed the heading and identifier of the codeset:  Type of suborganisation's identifier (SubOrgType) => Type of payer's suborganisation's identifier (PayerSubOrgType).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|         |            | Added a new codeset, Type of income earner's suborganisation's identifier (IncomeEarnerSubOrgType).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|         |            | Corrected a typographical error in the identifier of the Type of other reimbursement and benefit: RenumerationCode => RemunerationCode.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| 1.02    | 14/11/2017 | Added a new codeset, DeliveryToIRChannelCode.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|         |            | Removed the codeset SubOrgType, which has been replaced by the codesets PayerSubOrgType and IncomeEarnerSubOrgType.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|         |            | Removed the value "Earnings-related pension provider" from the Payment data type, compensation application (ReimbPaymentType) codeset.  Added a new codeset Payment data type (RefPaymentType) and added the value "Earnings-related pension provider" to it.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|         |            | Added the value 7 = "Termination of fixed-term employment" to the Reason code for the termination of employment (EmploymentEndingCode) codeset.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|         |            | Changes to the codeset Payer type (PayerType):  removed the value 5 = "Representative"  added value 6 = "State"  added value 7 = "Unincorporated state enterprise or governmental institution with separate administration"  added value 8 = "Specialised agency"  added value 9 = "Foreign group company"                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|         |            | Changes to the codeset Type of additional income earner data (IncomeEarnerType):  changed the description for code 1: "Employed on the basis of government employment and unemployment benefit funds" => "Employed with assistance from the State employment fund"  added value 4 = "Key employee"  added value 5 = "Leased employee living abroad"  added value 6 = "Person working in a frontier district"  added value 7 = "Person working abroad"  added value 8 = "Athlete"  added value 9 = "Performing artist"  added value 10 = "Income earner did not stay longer than 183 days in Finland during the Tax-Treaty-defined sojourn period"  added value 11 = "Employer pays taxes on behalf of the employee ("Net-of-tax" employment contract)"  added value 12 = "Organisation" |
| 1.03    | 05/01/2018 | Added codeset Applicable collective agreement (CBACode).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|         |            | Added codeset Tax-treaty country code (TaxTreatyCountryCode).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 1.04    | 29/01/2018 | Changed the label for Code 3 in codeset Form type (FormCode) as follows: "Employer's report of foreign pay" => "Employer's report on periods of stay in Finland".                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|         |            | Added new value to the codeset Type of payer's suborganisation identifier (PayerSubOrgType): 3 Government agency identifier                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

Codes 3 (26)

|      |            | Added new values to the codeset Applicable collective agreement (CBACode): 194 Other collective agreement 195 No national collective agreement for the field                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

|                                                              | payer's earnings payment data                                 |

#### 1.2 Record status (DeliveryDataStatus)

| Code | Label                      |
|------|----------------------------|
| 0    | Unknown                    |
| 2    | In process                 |
| 3    | Valid                      |
| 4    | Rejected at reception      |
| 5    | Rejected during processing |
| 6    | Cancelled                  |

## 1.3 Type of record subscriber (PartyType)

| Code | Label                             |  |
|------|-----------------------------------|--|
| 1    | Provider of earnings payment data |  |
| 2    | Provider of benefits payment data |  |
| 3    | Data user                         |  |
| 4    | Income earner                     |  |
| 5    | Incomes Register authority        |  |

#### 1.4 Record type, submitted to Incomes Register (DeliveryDataType)

| Code | Label                                                           |
|------|-----------------------------------------------------------------|
| 100  | Earnings payment reports                                        |
| 101  | Employer's separate reports                                     |
| 102  | Benefits payment reports                                        |
| 103  | Record subscription                                             |
| 104  | Messages                                                        |
| 105  | Cancellation of earnings payment reports                        |
| 106  | Cancellation of employer's separate reports                     |
| 107  | Cancellation of benefits payment reports                        |
| 108  | Cancellation of a record subscription                           |
| 109  | Cancellation of a record containing earnings payment reports    |
| 110  | Cancellation of a record containing employer's separate reports |
| 111  | Cancellation of a record containing benefits payment reports    |
| 112  | Cancellation of a record containing a record subscription       |

## 1.5 Record type, distributed from Incomes Register (QueryDataType)

| Code | Label                                                                 |
|------|-----------------------------------------------------------------------|
| 300  | Earnings payment reports – all income earners                         |
| 301  | Earnings payment reports – several income earners                     |
| 302  | Earnings payment reports – several payers                             |
| 303  | Earnings payment reports – several payers, several income earners     |
| 304  | Earnings payment reports – several earnings-related pension providers |
| 305  | Earnings payment reports – missing pension policy number              |
| 306  | Employer's separate reports – all payers                              |

Codes 10 (26)

| 307 | Employer's separate reports – several payers                                                                           |
|-----|------------------------------------------------------------------------------------------------------------------------|
| 307 | Employer's separate reports – several payers  Employer's separate reports – several earnings-related pension providers |
| 308 |                                                                                                                        |
|     | Messages sent to the party                                                                                             |
| 310 | Access log data for the party's users                                                                                  |
| 312 | Summary of payer's earnings payment data (one-off subscription)                                                        |
| 313 | Summary of payer's earnings payment data (recurrent subscription)                                                      |
| 314 | Earnings payment reports – several report references                                                                   |
| 315 | Benefits payment reports – all income earners                                                                          |
| 316 | Benefits payment reports – several income earners                                                                      |
| 317 | Benefits payment reports – several payers, several income earners                                                      |
| 318 | Benefits payment reports – several report references                                                                   |
| 319 | Benefits payment reports – several payers                                                                              |
| 400 | Earnings payment reports – one income earner (WS real-time)                                                            |
| 401 | Earnings payment reports – one payer (WS real-time)                                                                    |
| 402 | Earnings payment reports – one pension policy number (WS real-time)                                                    |
| 403 | Employer's separate reports – one payer (WS real-time)                                                                 |
| 404 | Employer's separate reports – one pension policy number (WS real-time)                                                 |
| 405 | Messages sent to the party (WS real-time)                                                                              |
| 406 | Earnings payment reports – one payer, one income earner (WS real-time)                                                 |
| 407 | Benefits payment reports – one income earner (WS real-time)                                                            |
| 408 | Benefits payment reports – one payer, one income earner (WS real-time)                                                 |
| 409 | Benefits payment reports – one report reference (WS real-time)                                                         |
| 500 | Income earner's Incomes Register extract                                                                               |
| 600 | Summary of payer's earnings payment data (one-off subscription)                                                        |
| 602 | Summary of payer's earnings payment reports (one-off subscription)                                                     |
| 603 | Summary of payer's earnings payment reports (recurrent subscription)                                                   |
| 604 | Summary of employer's separate reports (one-off subscription)                                                          |
| 605 | Summary of employer's separate reports (recurrent subscription)                                                        |
| 606 | Income earner specific summary of payer's earnings payment reports (one-off subscription)                              |
| 607 | Income earner specific summary of payer's earnings payment reports (recurrent subscription)                            |
| 608 | Numbers of payer's records and incomes payment reports (one-off subscription)                                          |
| 609 | Numbers of payer's records and incomes payment reports (recurrent subscription)                                        |
| 610 | Summary of errors detected on the reports (one-off subscription)                                                       |
| 611 | Summary of errors detected on the reports (recurrent subscription)                                                     |
| 612 | Payer's access log data                                                                                                |
| 614 | Summary of payer's benefits payment reports (one-off subscription)                                                     |
| 615 | Summary of payer's benefits payment reports (recurrent subscription)                                                   |
| 616 | Income earner specific summary of payer's benefits payment reports (one-off subscription)                              |
| 617 | Income earner specific summary of payer's benefits payment reports (recurrent subscription)                            |
| 700 | Summary of data user's record queries (one-off subscription)                                                           |
| 701 | Summary of data user's record queries (recurrent subscription)                                                         |
| 702 | Data user's access log data                                                                                            |
|     | · · · · · · · · · · · · · · · · · · ·                                                                                  |

# 1.6 Record subscription type (SubscriptionType)

| Code | Label                  |
|------|------------------------|
| 1    | One-off subscription   |
| 2    | Recurrent subscription |

# 1.7 Query criterion type for record subscription (ParameterType)

| Code | Label                                         |
|------|-----------------------------------------------|
| 2    | Query time range for changes                  |
| 3    | Time range of reporting period                |
| 4    | Time range of payment date                    |
| 5    | Time range of earnings period                 |
| 6    | Payer                                         |
| 7    | Income earner                                 |
| 8    | Occupational accident insurance policy number |
| 9    | Earnings-related pension policy number        |
| 10   | Pension provider code                         |

Codes 11 (26)

| 11 | Party                                              |
|----|----------------------------------------------------|
| 12 | Pension Insurance Act                              |
| 13 | Calendar year                                      |
| 14 | Identifier type of payer's suborganisation         |
| 15 | Identifier of payer's suborganisation              |
| 16 | Submitter type                                     |
| 17 | Incomes Register report reference                  |
| 18 | Absence time range                                 |
| 19 | User ID                                            |
| 20 | Income type                                        |
| 21 | Identifier type of benefit payer's suborganisation |
| 22 | Identifier of benefit payer's suborganisation      |

#### 1.8 Type of query criteria list for record subscription (CodeListType)

| Code | Label                  |
|------|------------------------|
| 1    | List of income earners |
| 2    | List of payers         |

#### 1.9 Type of occupational title or classification (ProfessionType)

| Code | Label                                                   |
|------|---------------------------------------------------------|
| 1    | Statistics Finland's classification of occupations TK10 |
| 2    | Keva's titles                                           |
| 3    | Bank of Finland's titles                                |
| 4    | Trafi's titles                                          |

## 1.10 Contact language (Language)

| Code | Label   |
|------|---------|
| 1    | Finnish |
| 2    | Swedish |
| 3    | English |

## 1.11 Car benefit type (CarBenefitCode)

| Code | Label               |
|------|---------------------|
| 1    | Limited car benefit |
| 2    | Full car benefit    |

#### 1.12 Car age group (AgeGroupCode)

| Code | Label |
|------|-------|
| 1    | A     |
| 2    | В     |
| 3    | C     |
| 4    | U     |

## 1.13 Identifier type of benefit payer's suborganisation (BenefitPayerSubOrgType)

| Code | Label             |
|------|-------------------|
| 2    | Payer's own codes |

Codes 12 (26)

## 1.14 Type of benefit payer's identifier (BenefitPayerIdType)

| Code | Label                                |
|------|--------------------------------------|
| 1    | Business ID                          |
| 3    | VAT number (VAT)                     |
| 4    | GIIN                                 |
| 6    | Finnish trade registration number    |
| 7    | Foreign business registration number |
| 99   | Other identifier                     |

## 1.15 Type of benefit payer (BenefitPayerType)

| Code | Label                                           |
|------|-------------------------------------------------|
| 1    | Benefit payer does not report recourse          |
| 2    | Benefit payer does not report unjust enrichment |

## 1.16 Type of benefit recipient's identifier (BenefitIncomeEarnerIdType)

| Code | Label                                    |
|------|------------------------------------------|
| 1    | Business ID                              |
| 2    | Personal Identification Number (Finnish) |
| 5    | Tax Identification Number (TIN)          |
| 9    | Foreign personal identification number   |
| 99   | Other identifier                         |

## 1.17 Taxability of the benefit (BenefitTaxTreatment)

| Code | Label                                                                              |
|------|------------------------------------------------------------------------------------|
| 1    | Earned income                                                                      |
| 2    | Earned income, 20% increase                                                        |
| 3    | Earned income, only health care contribution is collected                          |
| 4    | Capital income                                                                     |
| 5    | Capital income, 20% increase                                                       |
| 6    | Capital income, 50% increase                                                       |
| 7    | Tax-exempt                                                                         |
| 8    | Tax-exempt, data according to the act on inheritance and gift tax is given         |
| 9    | Capital income, and data according to the act on inheritance and gift tax is given |

#### 1.18 Benefit unit (BenefitUnitCode)

| Code | Label   |
|------|---------|
| 1    | Hour    |
| 2    | Day     |
| 3    | Week    |
| 4    | Month   |
| 5    | Quarter |
| 6    | Year    |

#### 1.19 Submitter type (ReporterType)

| Code | Label            |
|------|------------------|
| 1    | Payer            |
| 2    | Substitute payer |

Codes 13 (26)

## 1.20 Submitter type specifier (ReporterSubType)

| Code | Label                            |
|------|----------------------------------|
| 1    | Payer's own payment              |
| 2    | Payment made by substitute payer |
| 3    | Payment made as substitute payer |
